

Huskies/Clubee website calendar guide

You may have noticed on our website there's a built-in calendar. This document is intended to introduce club members/parents to this calendar, how it works and how you might want to use it.

We're actively trying as a club to make better use of the various Clubee tools that we're collectively paying for. For reasons of efficiency, it is our intention as a club to support only one calendar, which happens to be flexible and powerful when updated.

This web calendar is part of the Clubee software that underlies our website and its sports club management functions. View it on the website: <https://www.icehockey-huskies.lu/calendar>.

This calendar is also included in the Clubee app. You can install it from your device's app store, if you have a European app store.

As long as this calendar is kept updated by the Huskies office, it is a full record of all Huskies events.

Logging in

Members can view the calendar either logged in to the site or app with their Clubee account or not. If they are logged in, they will see the calendar tailored to their own situation – the only elements they'll see are ones having to do with their children in the club.

Using it

The web calendar is presented as a month view, with a button on each day that expands the view to show all events that day. There is no day or week view on this calendar.

Clicking on an event on the web version lets you see its detail page. This page also allows you to indicate whether you are attending or not, if your TM or whoever has responsibility for the event has invited you and if you have activated your Clubee membership.

At the top of the calendar is a drop-down menu allowing you to display the month with events for a particular team or group.

Calendar subscription

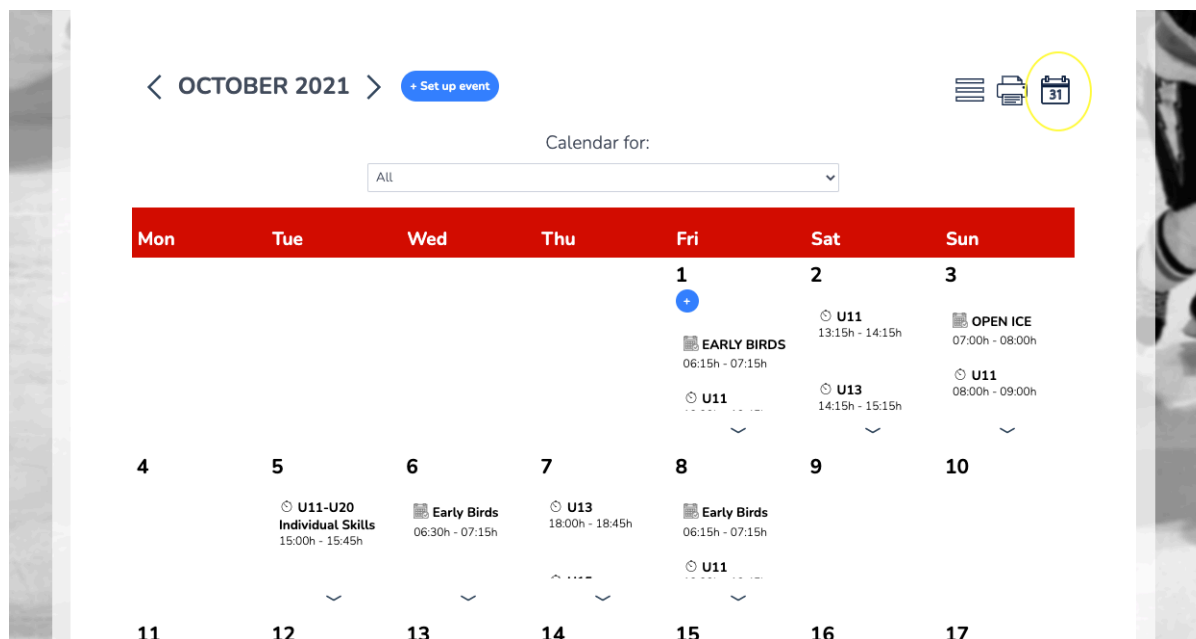

The key functionality that needs explaining is the **calendar subscription** function. This allows you to add the Huskies calendar to any calendar software or app that runs on your mobile or other devices. This means that you will see Huskies events (just your kids' ones if you set it up while logged in.) This allows you to present the calendar however you prefer, and print it if necessary, including as a PDF that you can tape to your refrigerator or whatever you prefer.

Getting this to work for you involves copying a web link from the Huskies site to your device's calendar software and creating a new calendar subscription. How to do this is explained on the Calendar's "Get the iCalendar" page – see screen capture below.

The web link looks like this:

webcal://www.icehockey-huskies.lu/3b9f10f1f8_calendar.ics

It's all explained on the website from the right-hand icon at the top right:

Clicking the yellow-circled icon shows "Get the iCalendar" and presents you with the following explanation:

DOWNLOAD YOUR CALENDAR AND KEEP IT UPDATED AUTOMATICALLY.

Your iCal feed automatically keeps your calendar in synch with your team calendar. Many different applications support iCal, including Microsoft Outlook, Apple iCalendar, Google Calendar and many more.

Get your iCal feed and subscribe with your iCal-compatible calendar application.

The URL to your iCal Feed is:

webcal://www.icehockey-huskies.lu/3b9f10f1f8_calendar.ics

or open the iCalendar now by clicking the button below:

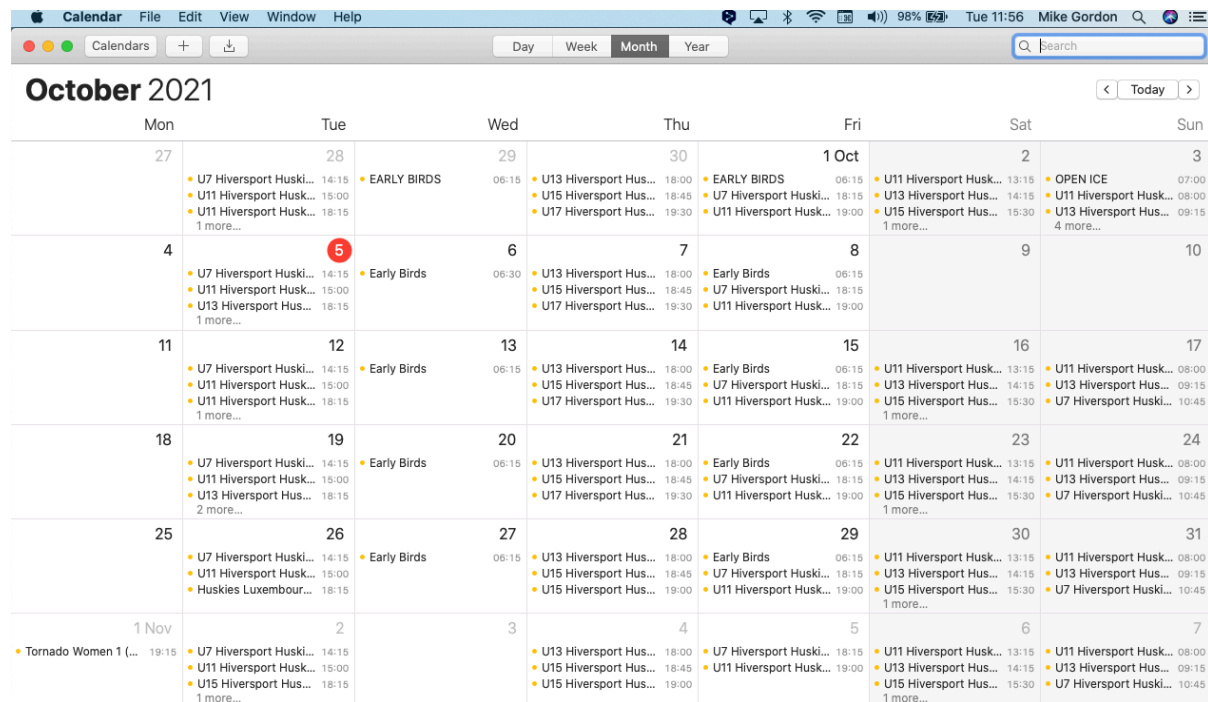

[Open iCalendar](#)

HOW TO INSTALL THE ICAL TO YOUR STANDARD CALENDAR ON YOUR PC, TABLET OR SMARTPHONE:

- » Installation Guide for Microsoft Outlook
- » Installation Guide for Apple Devices (iMac, iPhone, ...)
- » Installation Guide for Google Calendar

Below is what the Calendar subscription looks like on my laptop, using the MacOS built-in "Calendar" application. This is then synched over WiFi to my mobile phone's calendar applications whenever my phone synchs.

Note: as an admin, I see all of the teams events and this will show in my examples. Members will only see their own.

This can be printed out in a variety of different ways. See attached PDF of a landscape month display.
