

## ALL SOCCER FOOTBALL ACADEMY

“ALL SOCCER” football academy was established in Milan, Italy, in 2010. All his founding members are former coaches of the youth department of the Italian football club AC MILAN.

Since 2010 the academy has been continuously developing and over the years it became the largest private football academy in Italy.

ALL SOCCER is an academy, not a club. It doesn't have own teams participating in the Italian youth championships. ALL SOCCER works on behalf of football clubs, focusing on the specialization and development of young football players, male and female as well, targeting an age range of 5 to 19 years.

ALL SOCCERS main and almost institutional partner is of course AC MILAN, on behalf of which ALL SOCCER is running four main academies in the area of the city of Milan (Brugherio, Cernusco, Cologno and Rescaldina) with more than 300 affiliated players. Moreover, ALL SOCCER has been carrying out since his creation the well-known MILAN JUNIOR CAMPS, not only in Italy but all over the world (for instance, Sao Paolo, Rio de Janeiro, Vienna, New York, Detroit, Formentera, Trier, Nord Sudan, Limassol, Larnaka, Liège, Bruxelles and Luxembourg !).

All in all (it means, considering the academies and the Milan Junior Camps), there are almost more than 1000 young footballers who every year attend the courses of ALL SOCCER.

Between the various other partners of ALL SOCCER we should mention A.I.C., *Associazione Italiana Calciatori* (official association of Italian football players), UC *SAMPDORIA* (Italian premier league club), the University of Venice “*Ca' Foscari*”, and the Belgian club “*UR La Louvière Centre*”.

All the coaches working for ALL SOCCER have a UEFA degree (*Pro*, A or B). The staff of the academy includes instructors of physical education graduated in sport sciences and kinesiology, physical trainers/fitness coaches and physiotherapists.

In order to strengthen its presence in Luxembourg, ALL SOCCER entered into a partnership agreement with RFCU RACING Luxembourg and is now official partner of this club, which belongs among the most important and significant football clubs in the Grand Duchy and has a football academy of excellence. All the initiatives and projects of ALL SOCCER will be carried out in the premises of RFCU RACING.

In the same line, ALL SOCCER established a branch in Luxembourg, which will be run with its staff and under its supervision. This new Luxembourgish academy, **ALL SOCCER EUROPA**, can offer a **full training program for young footballers**, ranging from 5 years to 19 years, carefully taking care of all the aspects of this sport, from pure technical skills to physical training and, last but not least, ethics and sporting principles.

Particularly as regards the younger age groups, the training will focus on developing motor coordination skills, improving attention and concentration, speed and reaction speed as well as the sense of balance of the kids, which will benefit every kind of sport and for all their life.

Among the projects launched this year we should mention :

**a) the MILAN JUNIOR CAMP 2020**

This summer camp, which lasts one week, will take place in the week from July 6 to July 10 with a repetition in the week from July 20 to July 24. It is open to any young player, in an age range from 6 to 16 years, who would like to improve its football skills.

**b) the participation in the GOTHIA CUP 2020**

it means, the largest tournament in the world, which is unanimously considered as the World Cup of youth football.

ALL SOCCER's offers can also include a wide range of additional services, like training programs for coaches, training programs for goal keepers as well as services tailored to the specific needs of specific players.

Teaching languages are English, German, French, Italian, Luxemburgish and Spanish.
